LOCATION

Dundee demands a strategic position within Scotland, with 90% of the country's population within a 90 minute drive. The city itself has a population of approximately 145,000 and benefits from a main line railway station and deep water port facilities, while Dundee Airport provides direct daily flights to London City, Birmingham and Belfast. The city benefits from 2 universities and world renowned research facilities centred at Ninewells Teaching Hospital.

West Port commands a strategic position within the City Centre and fronts the West Marketgait, the city's inner ringroad and is immediately adjacent to the Overgate Shopping Centre, the city's prime retailing pitch and lies between the Campuses of Dundee's 2 universities. The subjects are in the heart of the cultural quarter and lie in close proximity to the site of the new Dundee City Council headquarters building which is presently being constructed.

DESCRIPTION

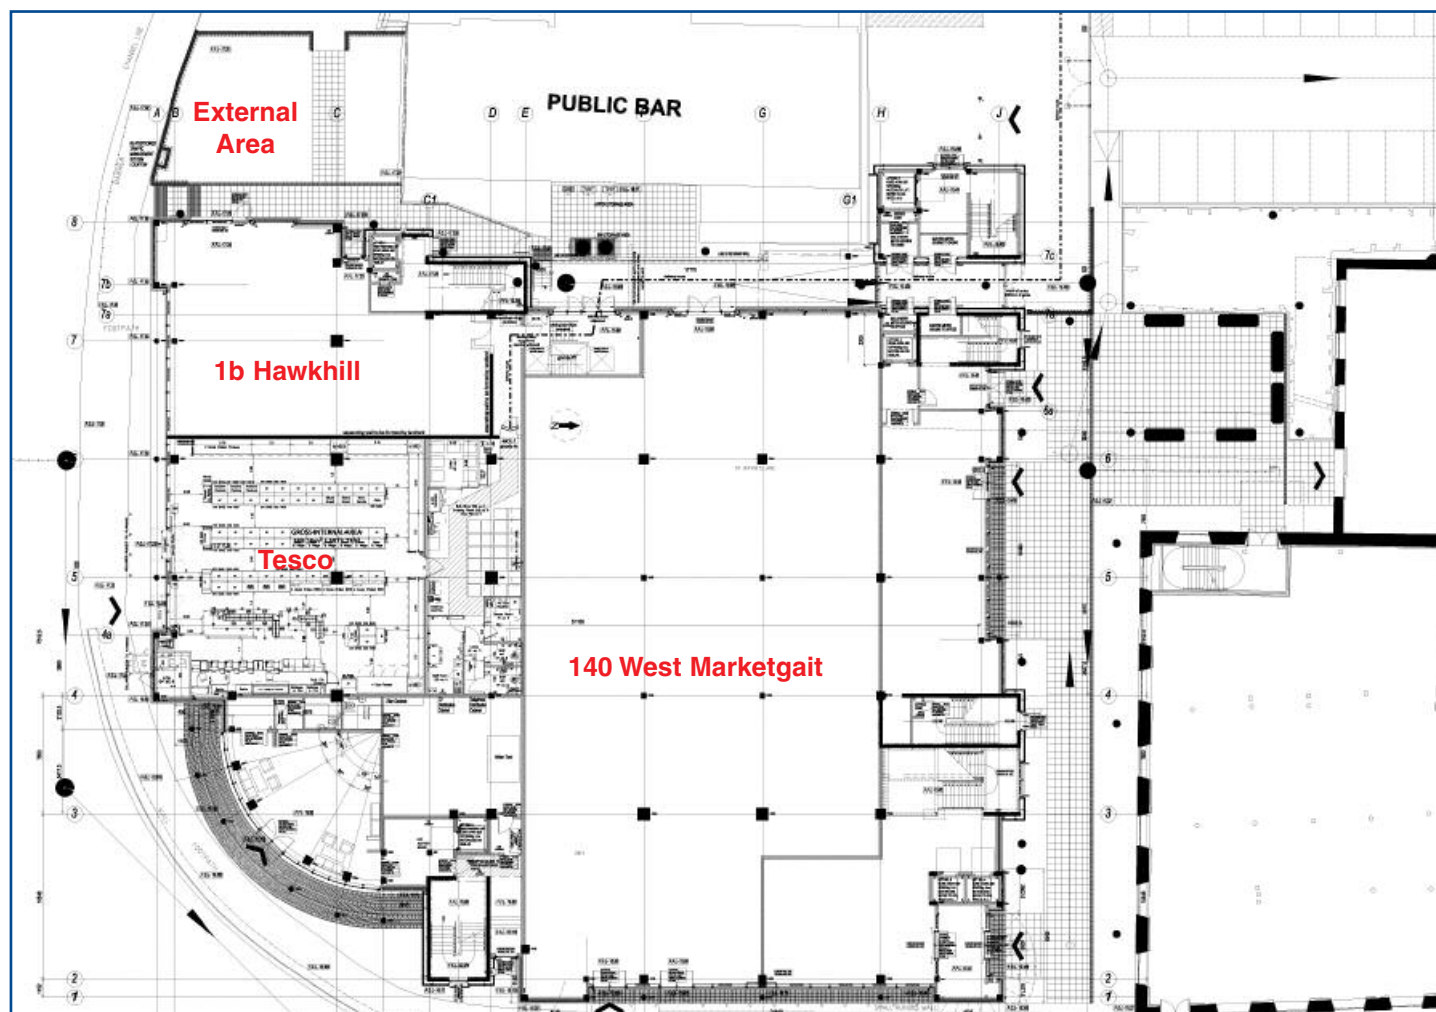

The West Port Development is the third and final phase of a multi-use Development in the heart of Dundee City Centre. The West Port building includes a mix of retail and leisure use at ground floor level, a Grosvenor Casino at first floor level, Grade A office accommodation at second floor level and luxury service apartments at third and fourth floor levels. The Development already includes Grosvenor Casino and a newly opened Tesco Express fronting the Hawkhill elevation.

Immediately to the north of the Development are the original phases, including a Travelodge, extensive office accommodation and restaurant/leisure facility.

The remaining space may be summarised as follows –
